

OMASTAR LI

ELECTRIC 2-WHEELER

Loaded with an incredible mix of features, OmaStar li is the first electric scooter in India that features a lithium-ion battery. The electric scooter is equipped with ergonomics seats and stylish alloy wheels for improved riding comfort and stability, making it a complete show stopper. It has also been fitted with telescopic suspension and refreshed headlamps. The scooter will be available in four colours: Fiery Red, Macho Black, Spirited Gray & White.
